Attached is a memorandum to the Director of Personnel which recommends action by the Agency Retirement Board on individuals whom we have recently picked up in Support. All except [redacted] who was a "D" designee, are Career Trainees and recommendations regarding their participation in the Agency Retirement System were not made by their previous components. In the case of CT's, by agreement with the Office of Personnel, OTR does not make recommendations regarding participation in the Retirement System since they are only temporarily with OTR.

Recommend five signatures.

In the last report on the status of inclusion of personnel in the Agency Retirement System there were five delinquencies indicated in Support. This resulted from the fact that some of our CT's had transferred from OTR rolls. By agreement with the Office of Personnel, OTR does not make recommendations regarding participation in the Retirement System since the CT's are only temporarily with OTR. We are monitoring this on a continuing basis so as to make sure that when people become our responsibility they are looked at in regard to retirement.

Recommend five signatures.
